

Home Care Packages

Dedicated to Helping You and Your Family

The government's Home Care Packages Program helps older persons access subsidised care in their own home. At Senior Helpers, we are an approved service provider for the Home Care Packages Program. Whether you're at the very start of your age care journey and need help registering for support through My Aged Care, or simply need guidance in developing your budget, we can help you and your family manage your Home Care Package in the way that suits you best.

That's Home Care, **Only Better.**

Personalised Care

If you and your family decide that Senior Helpers is the best Home Care Provider for you, we will work with you to create a customised plan that's within your budget and allows you to remain living safely in the comfort of your own home.

Full Program Support

We'll help you set up your budget and take care of managing your Home Care Package, including all of the required assessments, reporting, services and equipment.

Partnered Program Management

If you would prefer to manage aspects of your Home Care Package, we can work with you in a Partnership where you schedule your services, and we manage reporting and payments.
